FY 2025–2026 ANNUAL REPORT

Pioneers of North American Conservation

It is the mission of the Boone and Crockett Club to promote the conservation and management of wildlife, especially big game, and its habitat, to preserve and encourage hunting and to maintain the highest ethical standards of Fair Chase and sportsmanship in North America.

Executive Leadership Messages

A message from Club Leadership, Foundation Trustees, and Executive Management

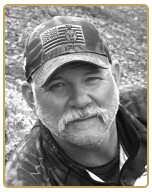

CLUB PRESIDENT

This year, we began putting the Boone and Crockett Club's 2026–2031 Strategic Plan into action. With a sharper focus on conservation policy, education, and hunting ethics, we are building on our legacy while preparing for the challenges ahead. This report highlights that work and the commitment of our members, staff, and partners to sustaining wildlife, habitat, and our hunting heritage.

Mary L. Webster
Club President

FOUNDATION PRESIDENT

Dear Fellow Members,

As many of you know, Terrell McCombs stepped down from his role as Foundation President earlier this year. Terrell worked tirelessly to establish the Foundation as the custodian of our great Club's future, and our organization is in the financial health it's in largely due to Terrell's superb leadership.

I know I express our collective thanks to him for a job well done! Terrell, you've left big shoes to fill!

On behalf of the Foundation Board of Directors, it is a pleasure to report that the Foundation remains financially strong and poised to continue ongoing support of current club operations as well as our strategic priorities.

As of June 30, 2026, total assets in our Foundation are $35,034,720, representing a net increase from 2025 of nearly 15%. That is even more significant when you consider that the Foundation provided a total of $1,403,437 to the Club this past year.

We are grateful that so many of you have made lasting commitments to future generations of hunter-conservationists. Despite the myriad challenges to global financial markets, we will continue to manage our investments with a long-term perspective and with prudence.

The responsibility to steward our resources on their behalf and care for our amazing animals and their habitats rests with all of us and requires all of us.

I am committed to continuing our legacy of thoughtful management and stewardship of the gifts you've graciously provided, and I am excited for the opportunity to continue to serve you and the Boone and Crockett Club as your Foundation President.

Charles Hartford
Foundation President

CHIEF EXECUTIVE OFFICER

This year's accomplishments reflect the dedication of our staff, members, and partners to putting conservation into practice. From protecting public lands and training new Official Measurers to supporting future conservation leaders and expanding our digital reach, the Club is advancing its mission on many fronts. As we implement our strategic plan, we will build on these results, strengthen collaboration, and keep our work focused on habitat and wildlife health along with Fair Chase and ethics.

Tony Schoonen
Chief Executive Officer

Conservation Policy

Advancing active management, habitat health, and sporting access across public and private lands

Fix Our Forests Act (FOFA)

Led a coalition of partners in advancing the Fix Our Forests Act to reform the laws governing our public lands to encourage and facilitate active management to benefit wildlife.

Legacy Restoration Fund

Supported reauthorization of the Legacy Restoration Fund to address deferred maintenance on public lands. Bipartisan, bicameral negotiations were ongoing at the close of the Club's FY2025.

Defending Federal Public Lands

Led a successful effort to remove provisions from both House and Senate budget reconciliation bills that would have required the disposal of federal public lands.

Working Lands & Farm Bill

Secured inclusion of a new Forest Conservation Easement Program in both House and Senate drafts of the next Farm Bill. Continued developing and advocating a proposal for a tradeable wildlife habitat tax credit.

Big Game Migration Corridors

Advanced Department of the Interior big game migration conservation efforts under Secretarial Order 3362 and U.S. Department of Agriculture efforts under a new Big Game Migration Framework led by the Natural Resources Conservation Service.

Species Recovery & State Partnerships

Worked with the U.S. Fish and Wildlife Service to maintain the delisted status of Northern Rockies wolves and advance state management of grizzly bears in Montana, Idaho, and Wyoming. Engaged state leaders on Poach & Pay and supported Club members' advocacy in 10 states.

Big Game Records & Hunter Ethics

Maintaining the historical archive of North American big game and promoting Fair Chase standards

Records Participation

The Club accepted 702 big game records during FY2026. Entries during the first half of 2026 increased 11.5%, reflecting growing participation in the records program.

32nd Big Game Awards

More than 500 people attended the 32nd Big Game Awards in Springfield, Missouri, in July 2025. The event showcased 93 trophies, including 38 youth entries, and generated $125,870 for the Club.

Official Measurer Training

Four workshops in Oklahoma, Tennessee, and Michigan certified 97 new Official Measurers. Tribal agencies, state wildlife departments, and hunting organizations helped host the training.

Javelina Records

The Club began accepting javelina entries in August 2025, introducing its first new records category in more than two decades. For this reporting period, 17 entries have been recieved so far.

Records & Science

Big Game Records Live 2.0 launched in May 2026, expanding access to the Club's records data. The department also supplied data for research involving black bears and chronic wasting disease.

Ethics Outreach

Fair Chase displays at the Big Game Awards and Generation Next exhibits generated more than 1,400 email sign-ups from visitors embracing the Fair Chase Statement. The subcommittee also began planning a summit on technology and Fair Chase.

Conservation Education & TRM Ranch

Inspiring future leaders at the Theodore Roosevelt Memorial Ranch and Rasmuson Wildlife Conservation Center

University Programs Professors

The Club established a new Working Lands for Wildlife program at the University of Wyoming, while Dr. Heather Johnson is the new Boone and Crockett professor at the University of Montana. In addition, Dr. James W. Cain III is the new B&C “Red Duke” professor at Texas A&M.

University Programs Fellows

The Club supported ten endowed university programs at seven universities nationwide, preparing 25 fellows this year in wildlife conservation science and policy.

University Programs Demmer Scholars

The Boone and Crockett Club formally incorporated the William and Linda Demmer Boone and Crockett Scholars Program into our university network.

K–12 Education: Camps

Outdoor Adventure Camps welcomed 65 campers ages 10–17 from seven states. Financial assistance supported 45 campers, including 20 full scholarships. Across five core activities, campers had at least 84 first-time outdoor experiences.

K–12 Education: Field Learning

Eight field trips involved 162 students and 27 teachers, while Scout programs served 41 participants from three states. Women’s outdoor programs drew 16 participants for instruction ranging from fly-fishing and wildlife identification to firearms safety and game preparation.

Ranch Conservation & Stewardship

At the Theodore Roosevelt Memorial Ranch, research and land management work together to improve habitat and inform conservation. Stream monitoring, fish inventories, and wildlife tracking expanded research, while invasive plant control and forestry partnerships supported healthier working lands.

Media Outreach

Amplifying the message of scientific wildlife conservation and Fair Chase hunting

Poach and Pay

Hosted a press conference in Washington, D.C., to announce the findings of its five-year Poach and Pay research project, revealing that 95% to 96% of poaching incidents go undetected, costing North American conservation at least $1.4 billion annually.

Storytelling at Scale

Connected with readers and followers through social media, newsletters, and *Fair Chase*. *In the Field* newsletter delivered 23 issues to roughly 196,000 subscribers, generating nearly 789,000 opens and more than 51,000 website visits. Four issues of *Fair Chase* paired hunting stories with coverage of veterans, adventure, restoration, and deer, highlighting the Club's work and conservation issues facing wildlife and hunters.

Social Media & Website Growth

Digital footprint expanded significantly as total website users grew by 31% to 2.09 million, while social media channels reached 435,000 combined followers and drove more than 520,000 website sessions through Facebook alone. Nearly 5,400 Facebook and Instagram posts generated more than 430,000 interactions, while Instagram added over 13,000 followers—a 26% gain.
