# GENERATION NEW

The Boone and Crockett Club would like to celebrate young hunters who have embraced the outdoor way of life and embody the spirit of fair chase hunting. The following is a list of the most recent big game trophies accepted into the Boone and Crockett Club's 29th Big Game Awards Program, 2013-2015, that have been taken by a youth hunter (16 years or

younger). All of the field photos in this section are from entries that are listed in this issue and are shown in **bold orange text**.

*This listing represents only those trophies accepted since the Summer 2014 issue of Fair Chase was published.*

NEW!

## Precise and reliable thanks to illuminated dot.

The new ERi riflescopes.

Leica Camera, Inc. / 1 Pearl Court, Unit A  
Allendale, NJ 07401

**Leica ER i riflescopes make hunting in low light even more precise.**  
An automatic "power-off" function increases battery life while the scope's control elements are designed for dependable, silent operation. The ER i provides 4 inches of eye relief for an extra dose of safety when shooting lightweight, big-bore rifles. Also, an available Leica-patented bullet drop compensator (BDC) turret delivers a whole new level of long-range capability.

- illuminated dot with variable brightness settings
- intelligent on/off technology for longer battery life
- options: Leica's patented rapid reticle adjustment; rail or standard version
- models: ER i 2.5-10x42, ER i 3-12x50
