NIGHTFORCE

OUR REMARKABLE NEW 4-14x56 SHV™
IT'S EVERYTHING YOU EXPECT FROM NIGHTFORCE.
AND LESS.

Side parallax control, 25 yd to ∞
 Illuminated or non-illuminated reticles
 Capped, finger-changeable .250 MOA
 windage and elevation adjustments
 SHV™ = ShooterHunterVarminter™ designed
 for the widest possible range of shooting and
 hunting applications

Starting at \$995*, it's the most affordable—and one of the most versatile—riflescopes we've ever built.

All we cut were costs, not corners. We did it by limiting the options, simplifying the controls, and using a less complex manufacturing process...not by reducing the quality of its components. The SHV™ is 100% Nightforce.

The 4-14 x 56 SHV™ will outperform any riflescope in its price range. And frankly, many that cost much, much more.

If price is all that has kept you from enjoying legendary Nightforce performance and quality, your wait is over.
