IN THE WEEDS

A net 200-inch mule deer! Who cares about weeds in front of his face? Start snapping the shutter. But when finished, take a few seconds to reach out and pull them or snap off any brush in the way, and pop a few more shots. I guarantee you the latter will be the one of the two versions you will land on as your best of the best.

Scott B. Weeks took this typical mule deer, scoring 200-1/8 points, while hunting in Oneida County, Idaho, in 2012.

A LOOK BACK... BLACK BEAR

Tom J. Van de Car took this black bear 20 miles south of Wistaria, British Columbia. He had traveled from Kansas for this hunting trip. No date is mentioned when the bear was taken, but it was measured February 1st, 1950, and was awarded first prize in the 1949 Big Game Competition.

Two interesting notes were written on the back of the photos. Van de Car wrote, "I am 5'11\"", on the back of one and, "I am wearing a size 40 cruising coat" on the other.
