

B&C CONSERVATIONISTS

The Boone and Crockett Conservationist Program welcomes those individuals who wish to support the Boone and Crockett Club Foundation's conservation programs and activities through purely philanthropic, tax deductible gifts of \$2,500 or more.

After more than a century of identifying and resolving issues vital to the success of the North American Conservation Model your support will not only be invested wisely, but in keeping with a legacy that has defined the rules for hunting and conservation for over 117 years.

We invite you to become a member of this small, elite group of individuals whose donations will have a major impact on the future of our hunting and wildlife heritage. Boone and Crockett Conservationists will play a vital role in this future by providing the funds necessary to:

- Influence national and international conservation policy by promoting common sense management backed by science;
- Develop the next generation of conservation leadership through our endowed professorship programs and grants-in-aid programs for young professionals;
- Train tomorrow's conservation leaders through excellence in field programs, applied conservation education, teacher training, and professional enhancement;
- Continue a century-long commitment of strengthening the hunters' role as a conservationist.

Please make a special commitment to protect and conserve the future of our hunting and wildlife heritage by becoming a Boone and Crockett Conservationist today.

Benefits include:

Special individual recognition is given to Boone and Crockett Conservationists through a variety of means depending upon the level of the gift. In addition, recognition is given in Club publications and in the visitors' Gallery at Boone and Crockett Headquarters in Missoula, Montana. Conservationists also receive a subscription to *Fair Chase*.
