

BOONE AND CROCKETT CLUB'S MILLENNIUM CIRCLE

Be A Part of the Boone and Crockett Club's History,
Help Support its Future...

The year 2000 marks the 113th Anniversary of the Boone and Crockett Club. Join in the celebration by purchasing a granite brick as part of the centerpiece to

be placed on the waterfront at our headquarters in Missoula, Montana. The bricks will be engraved with names and pictures of special people who support the Boone and Crockett Club. This includes you, Associates, Lifetime Associates, Big Game Awards trophy entries, businesses, hunters, conservationists, or your brick could be a lasting memorial to family and friends.

Each Millennium Circle Brick is sandblasted from granite blocks to insure they will endure through time. The \$500 purchase of a brick will help maintain the operations of the Boone and Crockett research and education facility and aid in building the Millennium Circle.

The first 287 bricks purchased will be placed prominently on the Millennium Circle Memorial. Don't miss out on this unique opportunity!
Call toll-free (888)840-4868 to order your brick today.

LIMESTONE CAP & SILL

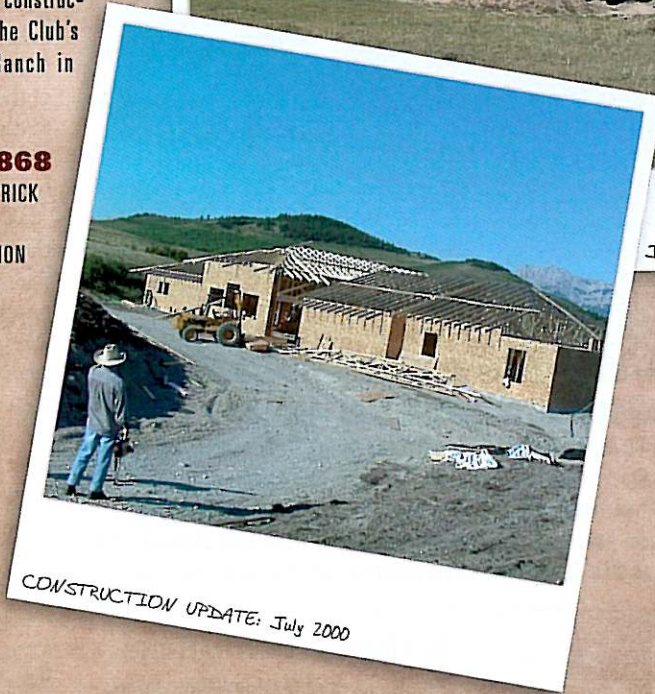

B&C Conservation Research and Education Facility

The memorial, including a 9 foot bronze sculpture of a grizzly bear, atop an 8 by 18 foot brick base, will face the front of the Headquarters, and will be dedicated to President Theodore Roosevelt, founder (in 1887) and first President of the Boone and Crockett Club. It will also be dedicated to Club members of the past 113 years, past conservation contributions of the Club, and current conservation efforts including partnership with the University of Montana in conservation research and education. This includes the Conservation Education and Research Center currently under construction (see photos to the right) at the Club's Theodore Roosevelt Memorial Ranch in Dupuyer, Montana.
