

ANNUAL MEETING UPDATE

TROPHY TALK

JUSTIN SPRING
B&C PROFESSIONAL MEMBER
Director of Big Game Records

It's hard to believe that we have closed out another Awards Program and another Official Measurer renewal has been sent out. Hopefully by the time you read this you have completed your renewal.

Listed on the next page are those Official Measurers (OMs) that, to date, have not renewed. I am sure there are a couple that were not detected on our end, and if that is the case we apologize, please let us know. We still have 151 measurers we need to hear from.

If your name is on the list, or you recognize someone that you are in contact with, please let them know they are currently ineligible to measure until we have received both the updated code of conduct form and renewal document.

As is the case every year, Boone and Crockett Club held its annual Records Committee meeting in early December. This year the location was Nashville, and the three-day gathering of the Club's Regular and Professional Members included meetings of the majority of the Club's committees. The Records Committee meeting was very

productive in terms of reviewing scoring procedures. The only change affecting Official Measurers is the wording regarding the drying time for found heads. On page 188 of the measurers manual it reads, "...In the case of picked-up trophies, the 60-day drying period also applies. If it is very clear from the condition of the antlers, horns, skulls or tusks that the trophy has dried for more than 60 days, one does not have to wait another 60 days from when it was found to measure it...." The committee unanimously approved an update where the second sentence will be dropped in future manual publications. ***This means all found heads must dry 60 days at a habitable temperature before they can be measured.*** If a person finds it while out shed hunting in May and brings it inside, 60 days from the found-date is the first time it can be measured regardless of its condition when found.

We also heard from Rebecca Cain regarding her Ph.D. dissertation which incorporated Boone and Crockett scoring data. Check out her profile on page 47.

You all should have received your invitation to the 30th Big Game Awards Program in Springfield, Missouri, set for August 1-3, 2019. Once again we will be presenting all attending Official Measurers with a custom-made 30th Awards Official Measurer belt buckle as a small token of our appreciation for your efforts. This year we have started into early negotiation with Remington for a limited production of a B&C Official Measurer rifle, customized with the Club logo and Official Measurer ID. This is still in its early stages and far from a "for sure" thing, but stay tuned as this comes together the closer we get to the program.

In addition to the OM luncheon, which will take place Friday, August 2, there will be an open meeting directed to our measurers that morning where Vice President of Big Game Records Eldon "Buck" Buckner and Records Committee Chair Richard Hale will be available to answer questions. While we hope you can all attend these events, I would also personally like to encourage all our OMs to attend one, if not both, of the recognition banquets

Friday and Saturday nights. The Friday night Jack Steele Parker Generation Next youth banquet will include an address by Melissa Bachman with the event being emceed by Club Member and President of Buck Knives, CJ Buck. Saturday night celebrates our 30th Big Game Awards Banquet and will feature a brief address by Professional Member and outdoor writer Craig Boddington who will also emcee the evening.

These events honor the fair chase hunters but also the animals and conservation that put them on the landscape. You are all a part of the efforts put into this very mission by the Boone and Crockett Club for the last 131 years, and we sincerely hope you can attend this celebration. ■

Official Measurers who attend the 30th Big Game Awards Field General's Luncheon will receive this belt buckle.

B&C fellow Rebecca Cain presented her research to the Records Committee examining spatial and temporal patterns in the distribution of older age class and record-quality bucks harvested in the Midwest. Results will be used to inform managers about the influence of harvest regulations and hunting traditions on characteristics of record book whitetail deer.

THE RECORDS DEPARTMENT WOULD LIKE TO THANK ALL OF OUR OFFICIAL MEASURERS FOR THEIR TIRELESS EFFORTS SERVING THE BOONE AND CROCKETT CLUB.

In order to keep our records accurate and up to date we ask our Official Measurers to renew their status and contact information every two years. ***We have not heard from the Official Measurers listed below.*** If your name is on the list and would like to continue as a B&C Official Measurer for 2019-2020 please contact Kyle Lehr or Justin Spring as soon as possible.

Note: An updated Official Measurer Code of Conduct must be signed and dated to complete your renewal. Official Measurers on this list are unable to measure until we have received the signed and dated code of conduct.

Associate Sign-Up Incentive Program Leader Board

*As of January 8, 2019

CONGRATS TO OUR TOP 10 PRIZE WINNERS!

*Each time an OM signs up
a B&C Associate we'll put a
credit by their name.*

HERE'S THE BREAKDOWN

- 3 Associates – \$25 off any item
in the B&C store
- 5 Associates – Buck Knife
- 10 Associates – B&C Boyt sling
- 25 Associates – OM Wool Vest
- 50 Associates – Sitka Gear (value up to \$350)
- 75 Associates – Yeti cooler and rambler
package (value up to \$500)
- 100 Associates – *Congratulations!*
YOU'LL RECEIVE A KIMBER RIFLE!

NOTE: Limit to one rifle per year, three rifles per Official Measurer.
